WAVELAND WANDERINGS

by
GEORGETTE B. HALL

Mrs. Frances K. Grayson, choir mother of a group of girls belonging to the St. Cecilia's Choir of the Christ Church Cathedral in New Orleans, entertained the young ladies at her summer home on Beach Boulevard during the weekend. Canon John de L. Carstens was also Mrs. Grayson's guest. Girls enjoying the outing on the Coast were Gail and Geraldine Shepherd, Sandra Smith, Dottie Petrie, Lucy Ballard, and Carol Rydger. Mr. and Mrs. S. P. Pendergast, Jr. and their son of New Orleans also spent the weekend in the Grayson home.

The ladies of the Methodist Church of Waveland would like to extend thanks to everyone who played a part in making last week's rummage sale such a success. Appreciation is also extended to all those who donated clothes and other articles which were sold at bargain prices.

Miss-Georgette Stelz, daughter of Mr. and Mrs. Guy Drew and

children spent the weekend with Mrs. Alfred Bourgeois on Waveland Avenue.

Don't forget the date—October 12. This will be the day to donate blood at the Hancock County Blood Bank.

The Golden Age Club of New Orleans enjoyed a five-day vacation at the Delman Evangelical Center on Waveland's beach front last week. About 40 members of the club made the trip which was sponsored by the New Orleans Recreation Department. Miss Betty Graper acted as counselor. After a wonderful five days filled with fun and activity, the group returned to New Orleans Friday morning.

Sometime ago we mentioned a little lost kitten who could be identified by a collar and bell around its neck. Mrs. Thomas Brockman who is a cat lover (and who has a houseful) is disturbed over the little feline. The collar fits very tight about the kitten's neck, and as the cat grows, the collar will become tighter and perhaps choke the little animal. If someone has found the kitten and befriended it, will you please let us know?

Friday night promises to be an exciting one for local football fans. The Bay High Tigers will meet the Long Beach Bearcats on St. Stanislaus Field. The event will also mark the annual Homecoming celebration for Bay High's alumni. Miss Becky Perkins of Clermont Harbor has been chosen to serve as queen. Milton Bernard and James Mayfield, both Waveland boys and members of the Tiger squad, will also participate in the Homecoming Court. Misses Rose Ann Thomas and Shirley Davis have been selected as Homecoming maids, with Woody Alliston joining the other members of the Tiger squad. Plan to attend the game Friday night and take part in the Homecoming festivities.

Mrs. Melvin Villere and Mrs. Roger Bordages are visiting in Birmingham, Ala., where they are the guests of Mr. and Mrs. Collins Lawson. Mrs. Lawson is the former Barbara Ann Villere, daughter of Mr. and Mrs. Melvin Villere of Waveland.

Sympathy is extended to the relatives and friends of Mrs. Ruth Roberts Yarborough Cook who died on Monday of this week in Hancock General Hospital. Funeral services were conducted from the Fahy-Whitfield Funeral Home in Bay St. Louis on Tuesday morning with religious services in St. Clare's Church in Waveland. Interment was in Waveland cemetery.

Mr. and Mrs. George Georgi have written friends that they are having a wonderful time on their trip through the West. After Las Vegas gas, they went to Los Angeles and are now touring the wonders of Hollywood. They've had an opportunity to see several TV shows and to eat in many of the world famous restaurants in the Hollywood area.

Mrs. Ruth Ketchum leaves early next week for Van Cleave where she will be pianist and organist for a Methodist Camp meeting which will be held there. Approximately 2,500 to 3,000 people are expected to attend this meeting.

Hancock County Red Cross Appeals For Funds

W. Peppenede, Chairman of Hancock County Chapter of American Red Cross said he is urgently needed by the Red Cross to take care of the victims caused by Hurricane Donna. He said, the Red Cross is not making a door-to-door canvass for funds, but it will be grateful for contributions from citizens of the county.

Bay St. Louis and surrounding areas were fortunate in being spared by Donna, the Red Cross sheltered and fed about 3000 people in the Bay-Waveland area. The 3000 mile journey from Bay St. Louis into New England, where Donna did the most damage in Florida, where Red Cross surveys now show 1,700 people destroyed, 2,804 with major damage, 10,801 minor damage. The North Carolina totals are 1,410 and 4,836. South Carolina 10, 15 and 70 respectively. Usually figure in the South Carolina area show 12, 20 and 40 deaths, 200 injured and 47,000 volunteers. We have served more than 8000 people equivalent to 628 eight hour days, working to alleviate the suffering and distress of the victims.

Among the most severe property loss from Donna was Monroe, which stretches from Key West to Key West and includes communities of Marathon and Key West, or what is left of them, will be many weeks before residents of these communities will be able to return to normal living conditions. In Florida alone 500 persons were sheltered and 500 shelters by the Red Cross Temporary refuge and

maintenance will be necessary for many homeless for weeks to come, until houses are again livable. Surveys show that 50,000 families along Donna's path had storm losses. 15,000 of these will turn to Red Cross for rehabilitation aid. Red Cross has 200 special staff disaster experts assisting the various local Red Cross chapters in the stricken area, giving emergency help and rehabilitation assistance. There Red Cross feeding centers had served 60,000 meals up to Saturday 17th. Whether the disaster victims affected live in the battered Keys, the inundated Everglades, or the wind-mashed agricultural and Gulf Coastal areas. Red Cross relief workers will be staying on the job until all disaster caused needs are met.

American Red Cross General Alfred M. Greunther, expects to extend approximately \$3,500,000 to help families hit by Donna. Assistance to Florida victims of hurricane Donna may cost in excess of \$2,000,000.00 on the basis of preliminary surveys, 80% of this amount will be needed to provide long-term recovery assistance for disaster sufferers as an outright gift on an individual family basis. Recovery assistance is given to help meet verified disaster caused needs for repair or rebuilding of owner occupied homes, essential home furnishings, temporary maintenance, medical and nursing care, and replacement of occupational tools and equipment where needed for family livelihood.

Mr. Peppenede has asked that donations be sent to: The American National Red Cross, Post Office Box 149, Bay St. Louis, Miss.

WARD WITHDRAWN RECOVERY MISSING MAN

Variable Best 1, H. C. Dean this week the reward of \$100 for recovery of the body of Young by the Renwar Oil Company of Corpus Christi, Texas, has been withdrawn.

Dean, an employee of the Renwar Oil Company was reported lost while fishing near Key West sometime last March. The reward was offered after local officials had conducted a thorough search of the area and failed to find a trace of the missing man.

Dean said the reward was given as Young was reported to have been seen in New Orleans.

EARLY LAMB CROP IN MISSISSIPPI AIM OF NATCHEZ STUDY

State S College, Miss.—Problems of sheep producers are being explored at the Natchez Branch Experiment Station where Superintendent John A. McGuire places major emphasis on production of early lambs which can be sold when prices are best. A recent annual report shows progress in this direction.

Four groups of ewes, selected for early lambing ability, are being used in the tests. Although the lamb crop was low last year due to excessive handling of the ewes in other experiments, all lambs produced by each of the four groups were dropped in December.

Efforts to get more lambs by having ewes gain weight rapidly at breeding time have not been so successful. Mr. McGuire held a group of ewes in dry lot without feed for several days to cause them to lose weight prior to the breeding season. One year they had only salt and water, and another year oat straw roughage was available to them.

Then at breeding time these ewes were returned to the flock which was on lush pasture. The ewes which had been denied feed gained rapidly but it still required 30 days for them to regain the weight they lost. The experiment had no effect on the number of lambs produced.

The experiment is part of a study on the relationship of nutrition to the seasonal breeding of ewes.

Mr. McGuire's complete report, including results of finishing lambs on winter grazing, is published in the September issue of Mississippi Farm Research available on request from the Experiment Station at State College.

James Leo Seal, Herbert and Ruth Corbin will serve as judges of the church art contest.

CROP FORECAST 30,000 BALES

Heavy rains relieved the very dry condition prevailing over much of the state and cotton prospects improved during the month. The

Mississippi crop is now forecast at 1,530,000 bales of 5000 pounds gross weight. This is an increase of 30,000 bales over the August 1 forecast. Advancement of the crop averages is somewhat later than normal, but picking is now underway in most areas of the state.

Small-Birth Defect Victim Is A 'Prop' As Mother Lectures

Kathy Houle, of Mt. Clemens, Mich., a pretty blonde, 10-year-old girl with perfect self-control as her schoolteacher mother lectures on the heart-breaking topic of birth defects.

Kathy doesn't mind being one of her mother's lecture "props" and daughter are dedicated to the proposition that since 250,000 infants are born yearly with significant birth defects—and 94,000 babies annually are stillborn or die within the first month because of birth defects—the more widely the subject is discussed, the healthier for the nation.

The National Foundation, which financed the development of both the Salk and Sabin polio vaccines, is now supporting research and patient care for birth defects and anomalies through the New March of Dimes.

Kathy has ample reason for her devotion to the cause. Embraced by her mother and herself, the child was born with the forbidding birth defects of an open spine and excess fluid on the brain. When only weeks old, Kathy underwent major surgery three times.

Doctors told the parents: "Enjoy the baby while you can. She may not be with you for long."

It was a miracle that Kathy survived. But since she did, both the child and her grateful mother, Mrs. William W. Houle, Michigan grade school teacher, want to shed light on this often "taboo" subject.

Tens of thousands of mothers are mistakenly ashamed of having given birth to a malformed infant. Mrs. Houle says, "Tragically, many parents hide these innocent children away from public view—in- stead of seeking medical advice and therapy."

"When Kathy and I set out on our lecture tours to adults, we describe in detail such birth defects as an open spine and excess fluid on the brain. These and other such major birth defects are the largest unmet childhood medical problem in the United States today."

"Then, we tell parents that they rarely need fear having a second defective child because birth defects are not always hereditary. But when Kathy and I talk to groups of small fry, we concentrate on persuading the youngsters not to shun handicapped children which with thoughtless cruelty they often do. And not to be afraid of them."

Mrs. Houle and daughter Kathy lecture to audience of children and adults.

The Houle-Kathy lecture "circuit" includes parent-teachers groups, and associations of school principals. The audience for this unique mother-and-daughter team is expanding. They can't fill all the requests for bookings.

Kathy, described by her doctors as "strong and healthy today" despite a bladder involvement due to the spinal defect, gets around nimbly on her crutches and leg braces. She has all the traits of any normal child of her age and is devoted to her two collies, to her adoring brother Douglas, seven, and to her dolls, in that eccentric order.

American Legion AUXILIARY

The Harvest Ball, sponsored annually by the American Legion Auxiliary, will be held Saturday, October 14, at the Legion Home.

Proceeds of the dance will be used for the purchase of gifts for the hospitalized Veterans Christmas Gift Shop.

The Gift Shop project, sponsored by the American Legion Auxiliary throughout the country, enables the hospitalized veterans to remember his family at Christmas time with gifts furnished by the American Legion Auxiliary.

The Cavaliers have been engaged to play for dancing from 9:00 p. m. to 1:00 a. m. Donation of \$3 per couple.

A king and queen will be selected to reign over this gala event.

Auxiliary president, Mrs. John Rutherford, Jr. invites all Legion and Auxiliary members, and their guests to join in the fun and help support this most worthy program.

Members of the American Legion Auxiliary entered a group of 23 veterans from the Gulfport Hospital Tuesday at the Legion Home.

Guests played games for prizes and were served refreshments by auxiliary members. Names John Rutherford, Marion Costad, L. Cuevas, John Wilkerson, Henry Capdepon, Rene Bernier, Sr., Eddie Virgillea, Dan Ziegler, N. H. Benham, Marion Beal, M. Bachman.

P. T. A. NEWS

The Bay Central P. T. A. will meet Tuesday, October 11th in the Bay High auditorium at 8:00 p. m.

In keeping with the theme of the year "Building Responsible Citizens to Meet the Challenge of Our Changing World," the Beta Club will present an interesting program including a pledge ceremony for new Beta members.

Mrs. Gertrude Hall, sponsor of the Beta Club which is based on leadership, character and achievement, will have charge of the program.

Mrs. W. M. Crow, PTA President, urges all parents to attend.

FIFTY INDUSTRIES IN SIX MONTHS

The state has gained twenty-eight new and fourteen expanded industries during the second quarter of 1960, providing 3,730 new jobs in manufacturing. The mid-year total for 1960 is fifty new and twenty-nine expanded industries with 7,297 jobs. The totals for the first half of 1959 were forty-five new and nineteen expanded industries including 4,909 jobs.

Mississippi Oil Jobbers Association Approved Gas Tax Petition

The Mississippi Oil Jobbers Association approved a gasoline tax reduction campaign designed to influence the motoring public of a gasoline reduction in the federal gasoline tax next year. Association urged all gasoline wholesalers and retailers to cooperate in the campaign October 1 through 8.

D. Burns, President of the Association, said most candidates are reluctant to know how voters feel about a given issue so that they can faithfully represent their constituents.

"In the category of issues we should include the promise made last year by Congress that it temporarily increased the federal Gasoline Tax from 3 to 4 cents per gallon—that the ad-

ded penny levy would be discontinued June 30, 1961," Burns said.

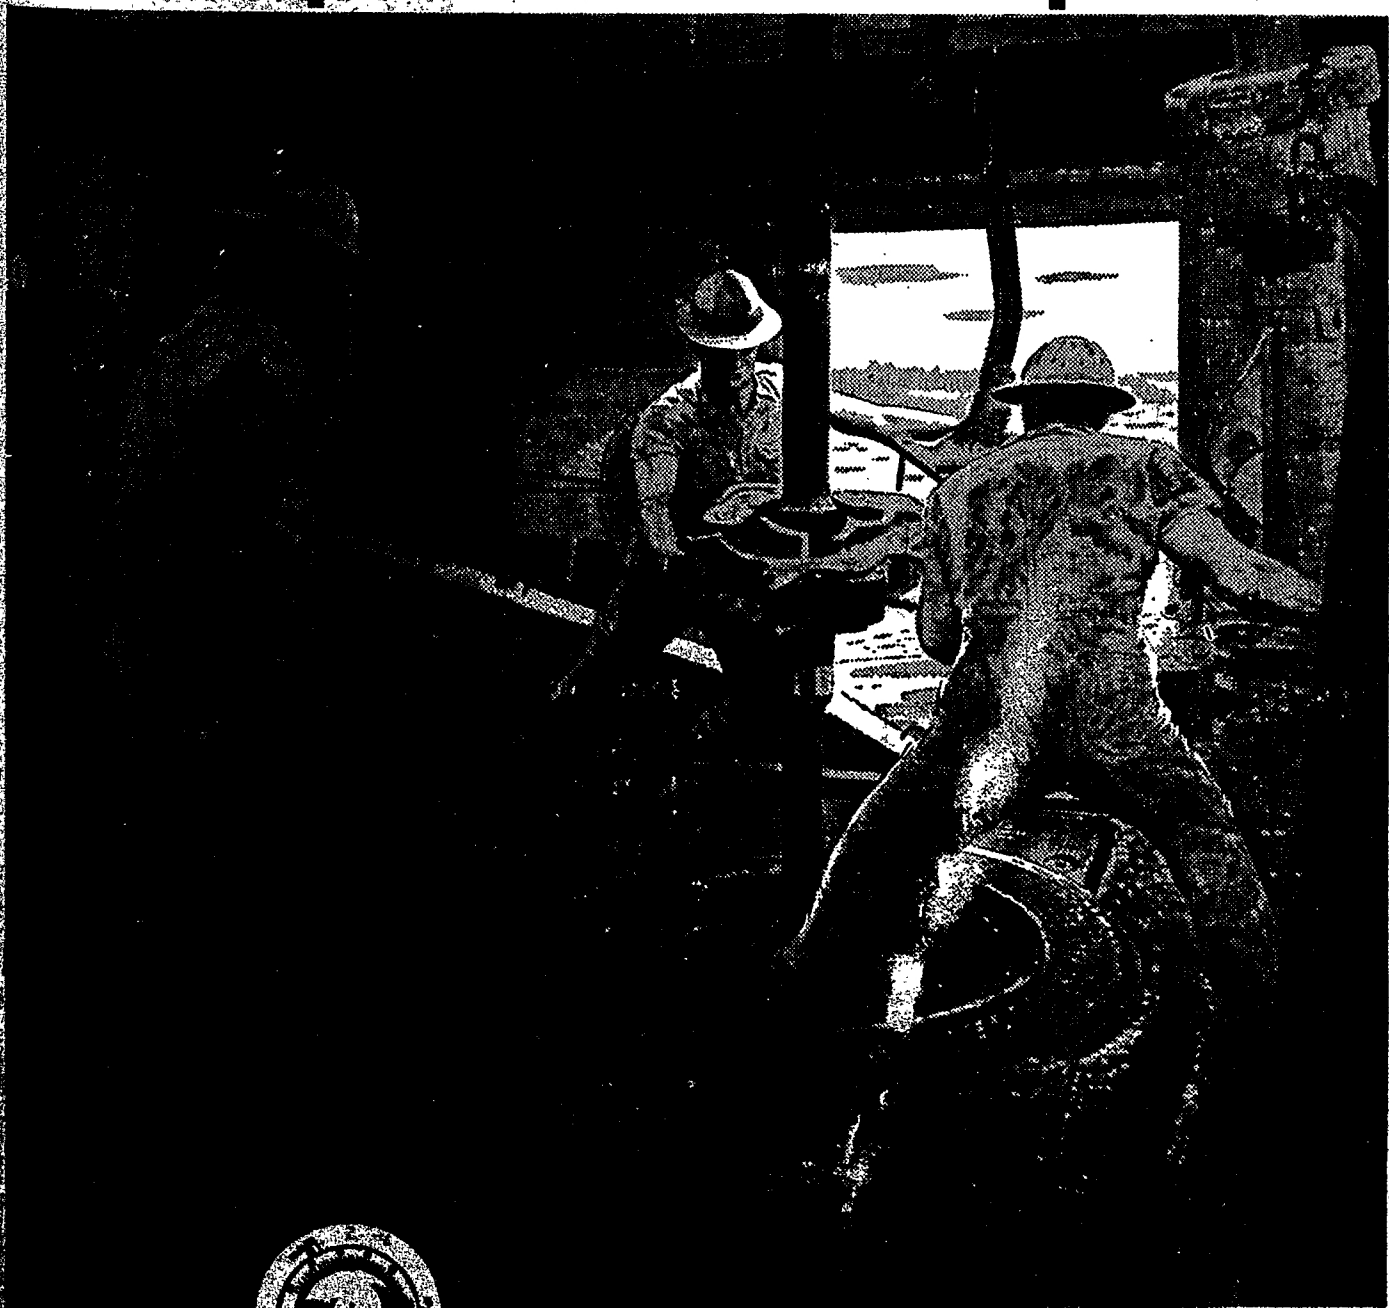

He estimated that the fourth cent of the Federal Tax has cost motorists of Mississippi more than 6.6 million dollars since it went into effect last October 1.

"Petitions will be available for signing at gasoline stations throughout the state, for one week, beginning October 1. If enough motorists speak up and sign these petitions, it would appear certain that Congress will let the Federal Tax go back to 3 cents a gallon as scheduled, with a resulting saving of \$6,600,000.00 a year in Mississippi alone," he said.

Mississippi motorists now pay an 8-cent state tax (7 cents state gasoline tax plus sales tax on tax and product amounting to more than 1 cent) in addition to the 4-cent federal levy. "The 12-cent total adds more than \$78.7 million in

gasoline taxes to the cost of driving in the state each year," Burns said.

SQUIRREL HUNTING BEGINS

The state-wide squirrel hunting season opens with a good squirrel population and hunting conditions favor the hunters in most sections of the state. The squirrel crop this year is reported to equal or exceed last year's crop when the squirrel population was at its highest level in five years. Wide-spread rainfall have favored food production, and squirrels are already cutting acorns and other mast. A heavy squirrel crop is reported in the lower Delta sections.

ONE OF THESE SHOOTING HINTS COULD IMPROVE YOUR HUNTING

Highly successful hunters have developed certain ways of shooting that work for them.

Sheldon Smith, President of the company that manufactures fine Ithaca shotguns and rifles, offers this quick run-down of significant pointers:

The first step in good shooting, according to Mr. Smith, is holding the gun properly. The expert lifts the gun to shoulder level, holding the butt two inches out from the shoulder. He puts his face firmly against the stock first, and then pulls the butt back snugly against his shoulder. These motions are practically instantaneous with most experienced hunters.

When shooting, both eyes should be kept open, and head and gun should always be moved as a single unit, never one without the other.

The basic key to successful shooting says Mr. Smith, is leading the game by the correct distance. Unless game is moving directly toward or away from the hunter, he must always shoot a certain

MISSISSIPPI'S MERIT COMMUNITY PROGRAM

There are two ways of leading that work and one that doesn't. An expert but difficult method is moving the gun quickly along the path of the game and shooting while the gun is pointed at the game at the same but still moving ahead rapidly. Only an expert with instant reflexes can kill game this way. This is so-called "snap shooting." An easier method is moving the gun more slowly along the path taken by the game, moving it ahead to allow the estimated necessary lead and then shooting while the gun is still in motion.

The way that insures a poor shot, according to Mr. Smith is to stop the motion of the gun before shooting. The gun should always be moving when you shoot, and you should follow through smoothly, always in the line of motion of the target.

Reports come in of good fishing most everywhere. Speckles, red fish, sheephead, flounders, green trout, perch, etc. are being caught daily.

Horace Farr reported catching some big speckles along the R. R. bridge most every day.

Teddy Stechmann was among those catching fresh water fish Sunday.

Wm. (Capt.) Kidd and Yours Truly made a fair catch of green trout Sunday.

Alden Mauffray has been catching green trout and perch at Pearl River regularly.

Mike Bird a young fly fisherman made a good catch of green trout and perch up Jordan River Sunday. He had as his padder Lucien Favre. Mike loves fishing, he said.

Lucien Favre who has his place on Jordan River reports that he will have boats for rent as well as bait for sale. Better give him a try.

Jimmy Travira and sons Wraymon and Bart, with Slim Drott, killed a few squirrels Sunday. The season opened Saturday.

Martin Okrasinski, our old Baltimore buddy arrived this week for his annual two week vacation here each day will find him fishing somewhere at some how most of the time with his wife who is an ardent angler too. They have caught some speckles, red fish and bluegills along the R. R. bridge.

MISSISSIPPI'S MERIT COMMUNITY PROGRAM

Mississippi's Merit Community Program is a carefully developed program for improving a community. It is based on the simple and practical idea of setting up a series of community standards, and then helping each city and town to achieve these standards. Communities which reach these standards will be designated as a "Merit Community" and will receive a merit award along with local and statewide recognition and publicity. Field work for the program is under the direction of a full-time State Chamber of Commerce-MEC staff members.

FRIDAY! THE GREATEST SIXTY-ONE DERFUL CHEVROLET

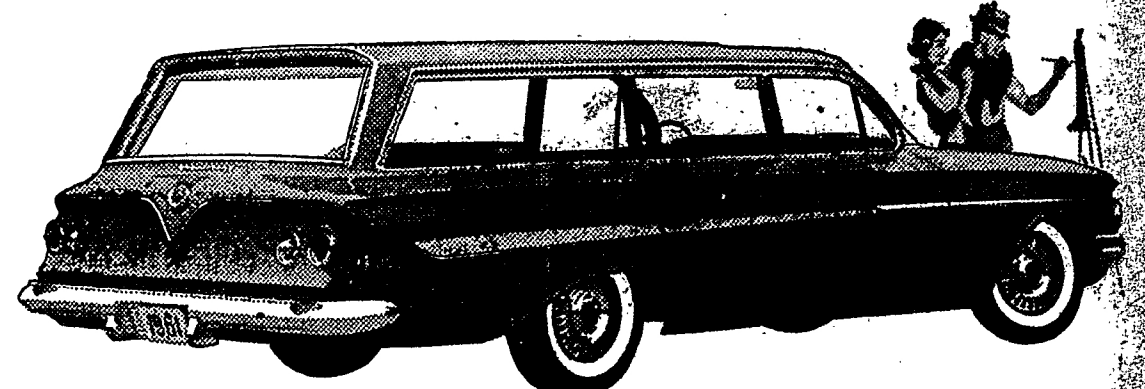

Here's the car that reads you loud and clear—the new-size, you-size '61 Chevrolet. We started out by trimming the outside size a bit (to give you extra inches of clearance for parking and maneuvering) but inside we left you a full measure of Chevy comfort. Door openings are as much as 6 inches wider to give feet, knees, and elbows the undisputed right of way. And the new easy-chair seats are as much as 14% higher—just right for seeing, just right for sitting.

Once you've settled inside you'll have high and wide praises for Chevrolet's spacious new dimensions (in the Sport Coupes, for example, head room has been upped as much as 2 inches, and there's more leg room, too—front, and rear). Chevy's new trunk is something else that will please you hugely—what with its deep-well shape and bumper-level loading it holds things you've never been able to get in a trunk before.

Yet, generously endowed as this car is with spaciousness and clean-lined elegance, it holds steadfastly to all the thrifty, dependable virtues Chevrolet buyers have come to take for granted. Your dealer's the man to see for all the details.

IMPALA 4-DOOR SPORT SEDAN—one of five Impalas that bring you a new measure of elegance from the most elegant Chevies of all.

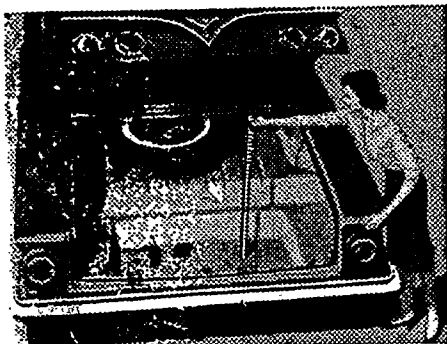

NOMAD 9-PASSENGER STATION WAGON—have a choice of six Chevrolet wagons, each with a new size of 5 feet of extra space.

BEL AIR 2-DOOR SEDAN, like all '61 Chevrolets, brings you Body by Fisher newness—more front seat leg room.

Biscayne 4-Door Sedan

HOME AGENT'S NOTES

MARCIA P. HUGHES
Home Demonstration Agent

Headlining plentiful goods for October will be cheese. Many stores will be featuring cheese as part of the annual October Cheese Festival of the dairy industry.

Other plentiful foods include beef, broilers, turkeys, potatoes, cranberries and rice.

CHEESE FACTS

We produce more cheese in the United States than any other country.

Each of us eats on the average of 12 1/2 pounds of cheese a year. Nearly half of this amount is Cheddar-type cheese and a third is cottage cheese.

There are more than 400 varieties of cheese, but only about 18 distinct types. These differed in the kind of milk used, the amount of fat and water retained in the curd and the flavor and texture produced during ripening.

You can test the quality of certain ripened cheese, such as American, Cheddar by rubbing a small piece of the cheese between your fingers. It is well-aged if it breaks down easily and is smoother and waxier; it has not aged enough or is "green" if it is rubbery.

Natural Swiss cheese should have large evenly distributed eyes. It is of poor quality if it has small eyes or pinholes.

FISH BAKED IN CHEESE SAUCE

2 tablespoons butter or margarine
2 tablespoons all-purpose flour
3/4 teaspoon salt
1/8 teaspoon nutmeg
1/2 teaspoon powdered dry mustard
1 cup hot milk
1/4 teaspoon lemon juice
1/2 cup shredded cheese
2 pounds fish fillets
Melt the fat and blend in flour,

salt, nutmeg and mustard. Stir in the milk; cook until thickened, stirring constantly. Add lemon juice and cheese. Stir until cheese is melted.

Place fish fillets in greased baking pan or casserole. Cover with cheese sauce. Bake at 375 degrees for 445 minutes. Makes six servings.

BLEACHING POINTERS

Bleaching is no substitute for good washing. Bleaches remove color, either as a stain or as a dye, but do not remove soil. Bleaches can whiten dingy fabrics damaged by poor washing and rinsing.

But the regular use of bleaches is not good. All bleaches, even

With children returning to public school this month, now is a good

time to redouble efforts to insure their safety at school and at home. Accidents are the leading cause of death to school-age children. Children should be taught safety precautions at home and away from home. Helping them form good safety habits can be done by setting good examples. Patience and perseverance can pay big dividends. Above all, every Mississippi motorist should exercise utmost caution in school zones or wherever children gather.

What to do till the doctor comes

Emergencies strike with sudden swiftness. A slip, a fall, a collision is seldom announced. So be prepared. At least one member of every family should have a working knowledge of first aid. There are books on the subject and the American Red Cross gives classes where such information and training can be acquired. We recommend that you, or someone in your household, acquire the know-how. Another worthy recommendation is to maintain a supply of first aid medications on hand at all times—antiseptic, pain relievers, adhesive tape, alcohol, soothing cream, etc. The cost is small and we'll be glad to assist you in your selection.

UNITED GAS TO AGAIN SPONSOR 4-H JR. TRAINING

State College—Mississippi 4-H Club Leader C. I. Smith today announced that United Gas would again sponsor the State 4-H Junior Training Program for 1961. This will be the fourteenth consecutive year that this program has been sponsored by United Gas.

Administered under the supervision of the Agricultural Extension Service, the program's fundamental aim is "the development of leadership qualities among our young people," according to Smith. "We are encouraging every 4-H Club member in Mississippi to enroll in this worthwhile and important program," he said. Features of the Leadership program are the state-wide Leadership Training Conference to be held next summer at Mississippi State University, and expense-paid trips for the most outstanding Mississippi Junior leaders to National 4-H events in Washington and Chicago.

Two boys and two girls from every Mississippi county are eligible to win trips as delegates to the four-day training conference at Starkville. During the conference they attend 4-H workshops, hear talks by leading speakers and educators, practice leadership principles and elect new officers for the State 4-H Council. Competitive games and "fun" tests are also included in the program.

STATE PACES NATION IN NEW CLASSROOMS

Building for the state's future is a many-faceted task entailing the best thought and planning on the part of community and state leadership at all times. Of all the efforts being put forth in Mississippi to the complete development of human and natural resources, none is of greater import and significance than that being done in providing proper facilities for the education of our youth. Mississippi school construction, settled the largest proportionate increase in the number of classrooms in the South.

SHOW ON WORTH!

NEW '61 CHEVY CORVAIR

More space...
more spunk
and wagons, too!

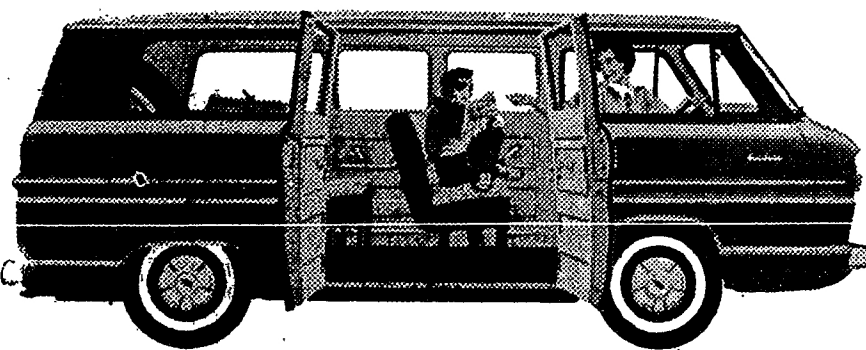

The newest car in America: the CORVAIR 700 LAKE WOOD 4-DOOR STATION WAGON.

CORVAIR 700 CLUB COUPE. Like all coupes and sedans, it has a longer range fuel tank.

CORVAIR 700 4-DOOR SEDAN. Provisions for heating ducts are built right into its body by Fisher.

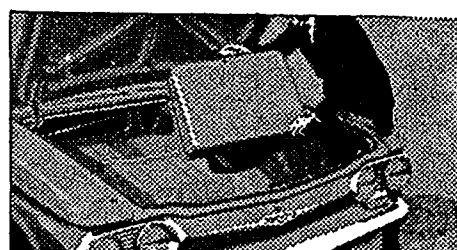

Here's the new Chevy Corvair for '61 with a complete line of complete thrifty cars.

To start with, every Corvair has a budget-pleasing price tag. And Corvair goes on from there to save you even more. With extra miles per gallon... a quicker-than-ever cold-start warmup so you start saving sooner... a new extra-cost optional heater that warms everyone evenly. Riding along with this extra economy: more room inside for you, more room up front for your luggage (sedans and coupes have almost 12% more usable trunk space).

And our new wagons? You'll love them—think they're the greatest thing for families since houses. The Lakewood Station Wagon does a man-sized job with cargo, up to 68 cubic feet of it. The Greenbrier Sports Wagon you're going to have to see—it gives you up to 175.5 cubic feet of space for you and your things.

Corvair's whole thrifty lineup gets its pep from a spunky 145-cu.-in. air-cooled rear engine. Same rear-engine traction, same smooth 4-wheel independent-suspension ride. See the polished and refined 1961 Corvair first chance you get at your Chevrolet dealer's.

Spare tire is in the rear in coupes and sedans—leaving more luggage space up front.

Even middle-seat passengers sit pretty, thanks to Corvair's practically flat floor.

Now in production—the GREENBRIER SPORTS WAGON with up to twice as much room as ordinary wagons (third seat optional at extra cost).

See the new Chevrolet cars, Chevy Corvairs and the new Corvette at your local authorized Chevrolet dealer's

STATE BOARD OF LEAGUES OF WOMEN VOTERS HOLD MEETING

The State Board of the League of Women Voters of Mississippi held a meeting on Thursday, Sept. 22 at the Garden Center, Long Beach. Mrs. E. E. Nichols, of Natchez, State President presided. The State Board agreed that their first effort on workshops on the National Foreign Policy Item was highly successful. Mrs. C. Smith Toms, of Charleston, South Carolina, National Board Director, who conducted these all day workshops in Jackson on Sept. 20 and Long Beach on Sept. 21st, aroused a lot of interest and enthusiasm. They were well attended.

Jury Service for Women: Women can serve on Federal juries in Mississippi. A list of names of eligible women willing to serve will be sent to the U. S. Dist. Court Clerk in the Southern District. Reappointment: Miss Annie Bell Fort has compiled a new flyer, "Do People Count in Mississippi." There will be 100 copies made of this for use by local leagues. The preliminary 1960 census report figures were used.

A State Voters Guide will be published as soon as the necessary information can be compiled. Plan to have this ready for distribution before election in November.

Next board meeting to be held in Jackson in January. Board members present were: Mrs. E. E. Nichols, State President; Mrs. Henry Levy, Long Beach; Mrs. Lawrence Nelson, Long Beach; Mrs. Donovan Ready, Meridian; Mrs. Roy Henderson, Meridian; Mrs. R. S. Lincoln, Meridian; Miss Annie Bell Fort, Meridian; Mrs. W. H. Hopper, Jackson; Mrs. H. D. Grigsby, Natchez; Mrs. C. Smith Toms, Charleston, S. C.; Mrs. Joe Linley, Jackson, observer.

Mrs. Pauline Ancker was named winner of the Garden of the Month award, and Mrs. Butz won the entrance prize, a kitchen prayer written on a chopping

Commission, Counties And Other Regions To Complete Information

The Mississippi Industrial and Technological Research Commission urged communities, counties and regions throughout the State to compile place location information, economic surveys and reports on their respective areas for use by the United States Department of Commerce in putting prospective manufacturers in touch with the area.

As James E. Noblin, Jr., Director of Economic Research, explains, "To assist manufacturers who are in the process of locating a new branch plant or new factory in the United States, the United States Department of Commerce offers the services of the Industrial Location Division of the Office of Area Development. This division serves as a clearing house within the Federal Government for technical and advisory services on problems of industrial location."

"An industrial location library is maintained by this Division," Noblin added, "and manufacturers from many sections of the country utilize the information and data on communities, counties, states, and regions found in the Library. Manufacturers and others using these materials are put in touch with appropriate State, local and private groups for more detailed data on specific areas and sites."

The Office of Area Development has appealed to the Mississippi Industrial and Technological Research Commission to urge communities in Mississippi to take advantage of this service by making sure adequate data is maintained in Washington on every Mississippi community and area.

Information should be sent to Industrial Location Division, Office of Area Development, U. S. Department of Commerce, Washington 25, D. C.

Bid On Old Kings Daughters Hospital Held Over By Supervisors

The bid of Mrs. Dora Necaise on the Old Kings Daughters Hospital received by the Board of Supervisors at last Friday's meeting was held over for further consideration.

Mrs. Necaise's bid of \$4,000.00

DAIRY CATTLE TO PLAY BIG PART AT STATE FAIR

Dairy cattle showing will occupy an important place in this year's Mississippi State Fair to be held in Jackson, on October 10 - 15. The finest dairy cattle from outstanding dairy herds in Mississippi will be on display. The dairy cattle exhibited will consist mainly of Guernsey, Holstein and Jersey breeds. There will be two divisions of the show, one for adults or breeders and the other for juniors.

The old hospital building located on Carroll Avenue, which originally belonged to the D. R. Carroll Estate, was purchased by Emilio Cue who conveyed it to the Bay St. Louis Circle of the International Order of Kings Daughters and Sons December 7, 1931.

The property was purchased by the County from the Bay Circle of the International Order of the Kings Daughters and Sons September 21, 1957.

woman power

The fortieth anniversary of the ratification of the 19th Amendment to the Federal Constitution, giving nation-wide suffrage to women, was observed August 26, 1960. There are now over three million more women than men of voting age in the United States; they could elect the next president and probably will.

Forty years ago, the opportunities for women in business and other callings were comparatively limited in Mississippi. Those gainfully employed filled positions as teachers, nurses, secretaries, stenographers or domestics. The opportunities and activities of women are now much greater and more diversified. In no other period have women so completely formed partnerships with men in homemaking, business building, community and state development.

Much of the increased energy women expend is made possible through labor saving appliances. Electricity is woman's magic time-saver - the economizer of her physical and mental strength.

Thirty-five years ago when this company began pioneering in electricity, the Mississippi housewife was something of a slave to her home and her kitchen. We introduced and promoted electric living and put within the convenient reach of wives and mothers a much multiplied woman power.

As woman now comes more richly into her own in Mississippi, we naturally take justified pride in the part we have played in the transformation of the state, changes still in their initial stages. Working together in the service of the people of Mississippi, there is so much we can yet do to strengthen each other's hands.

We congratulate the women of Mississippi in the progress they have made in forty years and covet their good will in the pursuit of our mutual and worthy objectives.

Personals

Mrs. Charlie Fink was the guest of Mrs. Jimmy Stevens on an all-day boating trip last week hosted by the Coast Motel-Hotel Association.

Mrs. L. B. McPhail and Mrs. T. V. Ortowich, daughters of the late Mr. and Mrs. Harry Saucier and former Bay St. Louis residents, were Monday guests of Mr. and Mrs. Chas. Breath, Jr. They spent Tuesday visiting relatives and friends here and in Waveland.

Mrs. E. J. Marengo and baby daughter, Ann, returned from Gulfport Memorial Hospital Monday and both are reported doing nicely.

Mrs. Donald E. Lagarde, Jr. and son Donald were guests of her parents Mr. and Mrs. George L. Seuzeneau, Jr., several days last week while Mr. Lagarde was away on a business trip.

Mr. and Mrs. Willys Rhodes and son M. J. attended the East Texas-Southeastern football game at Hammond Friday night. Their son, Willys, Jr., senior at Southeastern College, is a member of the team.

Misses Gale and Mildred Parker were Sunday guests of their uncle, J. F. Parker and family in Mobile.

Mr. and Mrs. Robert L. Kemery and daughter Connie spent the weekend at Mobile and Dauphin Island.

Mrs. Louise Gipson and Mrs. Florence McGuire, former Waveland residents, spent Monday and Tuesday in Waveland as guests of Mrs. Mary Moran. They came over to attend the funeral of Mrs. Ruth Cook Tuesday.

Mr. and Mrs. Henry P. Monti Sr. announce the approaching marriage of their daughter Jeannette Ann to Mr. Monroe Joseph Kimball, son of Mrs. and Mrs. John Kimball of Pass Christian, Miss. The ceremony will take place at a nuptial Mass, November 5, at Our Lady of the Gulf Catholic Church.

Mr. and Mrs. John Rutherford, Jr., Mr. and Mrs. B. J. Reinke and Al Summy will leave October 15 for Miami Beach where they will attend the National American Legion Convention.

BMJ1 and Mrs. Fabian Buquoi, Jr. and daughter Joy, who have been stationed in San Francisco for the past several weeks will return the latter part of this week.

Mr. and Mrs. Sylvester Loiacano of Carson City, Nevada, are visiting friends and relatives here this week. They will leave Saturday for a visit with friends in Philadelphia and New Jersey before returning home.

Fusich-Garcia

White gladiolus, fern and white lilies decorated St. John's Catholic Church, at Lakeshore for the Saturday wedding of Miss Norma Loretta Garcia, daughter of Mr. and Mrs. Frank Garcia of Bayou La Batre, and Mr. Kenneth J. Fusich, son of Mr. and Mrs. Vladimir Fusich of Lakeshore.

The Rev. C. Haynes performed the ceremony.

Given in marriage by her father, the bride wore a full-length gown of white satin and Chantilly lace. Her short veil of illusion fell from a band of lace trimmed with seed pearls.

She carried a white missal topped with lilies of the valley and a white orchid.

Mrs. Marvin Ladner of Bayou La Batre, was her sister's only attendant. She wore a floor length lavender taffeta and organza dress with matching accessories.

Mr. Stanford Fusich of Long Beach, California, was his brother's best man, and Mrs. Fusich played a program of nuptial music.

A reception was held in the Lakeshore Civic Center.

The bride's table, covered with a handmade lace cloth, was centered with a three-tiered wedding cake with an arrangement of white blossoms and fern on either side.

For traveling the bride wore a turquoise blue knitted suit, black accessories, and a white orchid corsage.

The many friends of Carl Thomas of Sycamore Street, wish him a speedy recovery. He is in the Pascagoula Hospital where knee surgery was performed this week.

Mrs. John Egloff who underwent minor surgery at the Eye, Ear, Nose and Throat clinic in Gulfport, last week, is recuperating nicely at her home.

Miss Janell Egloff, daughter of Mr. and Mrs. John Egloff, celebrated her birthday September 28 at a family supper.

THE '61 PONTIAC IS OUT TODAY!

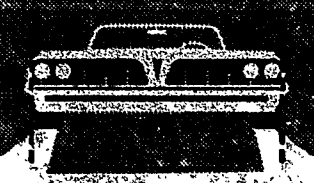

It's All Pontiac!
on a new Wide-Track!

New track-to-body proportion! The track is the width between the wheels. Pontiac is the only Wide-Track car. Body width is reduced, shaving side overhang, balancing more weight between the wheels. Best relationship of body width to wheel width ever tailored. Lean and sway are ancient history.

Announcing the new Pontiac Trophy V-8 Engine! We've improved the engine the experts said was perfect. New fuel induction system saves gas by using more air in the gasoline mixture. This makes the engine breathe more efficiently, giving you better acceleration. Eleven versions to choose from. Horsepowers range from 215 to 349. For best economy, specify the Trophy Economy V-8. Its lower compression ratio lets you use regular gas.

More headroom, legroom, footroom for greater comfort! You'll take great comfort in the extra roominess we've built into the '61 Pontiac. Seats are higher, yet there's more clearance beneath the steering wheel and more hatroom over your head. There is more legroom, more footroom. Doors are wider and designed to swing open farther. The more highway you put behind you (Pontiac specializes in this) the more you'll appreciate the new room that's all around you in this sleek new '61.

THE ONLY WIDE-TRACK CAR! Body width trimmed to reduce side overhang. More weight balanced between the wheels. No other car hugs the road with such sure-footed stability and precision.

ISN'T THIS YOUR BIG YEAR FOR A WIDE-TRACK PONTIAC? IT'S ALL PONTIAC!
